

**REMARKS**

This paper responds to the Office communication of April 5, 2010, in which the Examiner identified two inventions as follows, and required the election of one:

- I. Claims 19-30, drawn to a drive device, classified in class 604, subclass 207.
- II. Claims 31-36, drawn to a method for discharging a fluid, classified in class 604, subclass 505.

In response, the Examiner's invention I (claims 19-30) is elected, without traverse. Claims 31-36 have been withdrawn, without prejudice.

No additional fees should be due in connection with this paper, but the Commissioner is authorized to charge any additional fees, including extension fees or other relief which may be required, or credit any overpayment and notify us of same, to Deposit Account No. 04-1420.

The application is in allowable form, and early consideration and allowance are respectfully requested.

Respectfully submitted,
